

KuDymond CS3U-P-FG HIGH EFFICIENCY POLY

Canadian Solar is happy to announce the launch of its innovative LIC (Low Internal Current) module technology, which enables double-glass poly modules to reach a power range of up to 360 W.

KEY FEATURES

Higher power output thanks to low NMOT: 43 ± 2 °C

Higher module efficiency up to 18.15 %

Increased reliability thanks to lower hot-spot temperature

Lower BoS cost with 1500 V_{DC} system voltage

Low power loss in cell interconnection

linear power output warranty

product warranty on materials and workmanship

Power Range: up to 360 W

Cell: 144 x dual-cell Poly, 156.75 x 78.38 mm

Dimensions: 2000 × 992 × 5.8 mm

Weight: 29 kg

CANADIAN SOLAR INC. is committed to providing high quality solar products, solar system solutions and services to customers around the world. As a leading PV project developer and manufacturer of solar modules with over 22 GW deployed around the world since 2001, Canadian Solar Inc. (NASDAQ: CSIQ) is one of the most bankable solar companies worldwide.
