**DYMOND**

**CS6K-290 | 295 | 300 | 305MS-FG**

Canadian Solar’s Dymond CS6K-MS-FG module is a 60 cell double-glass module with Mono-PERC cells and an extended power output warranty. By replacing the traditional polymer backsheet with heat-strengthened glass, the Dymond module has a lower annual power degradation than a traditional module and better protection against the elements, making it more reliable and durable during its lifetime.
